- Multi-sectoral HIV/AIDS mainstreaming in work plans and Budgets.

Lessons learned

- ▶ Joint stakeholders planning has improved service delivery.
- ▶ Creation of partnerships and Linkages with Implementing Partners has increased efficiency in the AIDS response.

Challenges/ Recommendations

S/n	Challenge	Recommendation
1	Biggest chunk of our clients in ART are 50+ years which calls for extensive support towards NCD services integration	Strengthen NCD clinics
2	Huge unmet gap among Children less than 19 Yrs. (696 children). Overall, unmet gap stands at 1,329 ROC's based on 2022 PLHIV estimates	Partnership with implementing partners/ CBOs

ACKNOWLEDGMENT

- ▶ Ministry of Health.
- ▶ Uganda AIDs Commission.
- ▶ Kyenjojo District Local Government. (All departments)
- ▶ Baylor-Uganda
- ▶ Other IPs/ CBOs,
- ▶ Networks for PLHAs
